Clarion Books, 1999. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: ".superior pictures and riveting text." School Library Journal, Starred Ryden's newest nature book is a delight--not just for horse fanciers, but for anyone interested in animal behavior. Years spent studying the wild mustangs of the Pryor Mountains have given her insight into how the animals interact, and her ability to get close to the horses provided opportunities for shooting dozens of spectacular color photographs. Much of the text is drawn from Ryden's thirty-plus years of mustang study, although other sources are cited. A nice combination of elegance and sound information about this distinct group of horses that includes their habits, evolution...
