

## Outlines for Field Studies of Some Common Plants (Paperback)

By C H Robison

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.According to the prefatory note of the author this is a guide by which first year students of the high school can make independent observations on wild plants during the fall months. In connection with this study Coulter s Plant Relations is to be used as a reading book; conclusions are to be brought out in recitations. In the hands of the author himself or any skilled teacher this scheme would be successfully carried out; but directions that could be used by any teacher or with no teacher, would be more valuable. The outlines consisting of twelve main topics which include the leaf, stem, fruit, seed and a general study of trees develop nearly all phases of the life history of a common plant. Some subjects, such as leaf arrangement and light relation, are treated very much in detail, while other topics, as pollination, are merely mentioned. After the complete study of the leaf arrangement to obtain light, there is no experiment to show what the reason for it all is. The facts are not well connected; there...
