

Trades, Jumps, and Stops: Early Algebra (Paperback)

By Catherine Twomey Fosnot, Patricia Lent

Heinemann USA, United States, 2008. Paperback. Book Condition: New. 272 x 211 mm. Language: English . Brand New Book. Trades, Jumps, and Stops: Early Algebra is one of eight units in the Contexts for Learning Mathematics Investigating Number Sense, Addition, and Subtraction (K - 3) The story The Masloppy Family Goes to New York City sets the stage in this unit for a series of investigations to develop several big ideas and strategies important in the algebra strand. Seven-year-old Nicholas Masloppy (fondly known as the Organizer) and his brother and sisters are all waiting for the very special night when the family's big piggy bank will be opened. The family has been saving for a long time and now the bank is full. They are hoping to have enough money to go to New York City, where they will ride the subway to the Empire State Building, take a boat ride around the city, and visit the American Museum of Natural History. When the bank is opened, Nicholas's task is to organize the money into three equivalent piles for the three excursions. The piggy bank context is developed in the story and then used in the unit as...
