Towards a Philosophy of Education is the sixth volume of Charlotte

Mason's six part homeschooling series, a series that is

considered one of the finest ever written on education.

Towards a Philosophy of Education gives the best overview of

Mason's teaching philosophy. Written years after she was able

to see her teaching methods in action she is able to give further

examples and directions. Mason's method of education shows

its strength through its widespread use today by private

schools and homeschooling families. It is flexible and includes

first-hand exposure to ideas through books in art, music, and

poetry, nature observation as the primary means of early

science teaching, use of manipulatives and real-life application

to understand mathematical concepts and learning to reason,

rather than rote memorization, and an emphasis on character

and on cultivating and maintaining good personal habits. The

complete collection of Charlotte Mason's Original

Homeschooling Series includes: Volume 1 - Home Education

Volume 2 - Parents and Children Volume 3 - School Education

Volume 4 - Ourselves Volume...
