

Study Guide to Accompany Advanced Pediatric Assessment: A Case Study and Critical Thinking Exam Review (Paperback)

By Ellen M. Chiocca

Springer Publishing Co Inc, United States, 2015. Paperback. Book Condition: New. 2nd Revised edition. 254 x 178 mm. Language: English . Brand New Book. The only study guide to focus specifically on the assessment of infants and children. This companion study guide to Advanced Pediatric Assessment, Second Edition incorporates case studies, certification-style review questions, and anatomic labeling exercises to enhance and reinforce the specialized learning experience of nurse practitioner students. This study guide is the only one to focus specifically on the assessment of infants and children. Its chapters align with corresponding textbook chapters to facilitate exam success and mastery of skills required to expertly conduct the pediatric history and physical examination. Case studies reflecting real-life practice scenarios and certification-style review questions help students to excel on the exam not only through mastery of the content but also by creating familiarity with the test blueprint. Exercises feature numbered anatomic sketches on which students label anatomy parts. These exercises help PNP and FNP students foster the critical thinking and in-depth knowledge they will need for their expanded scope of practice as advance practice nurses. Chapters follow a standardized format that includes overview, learning outcomes, essential terminology, and critical thinking exercises in...
